

Official newsletter of the Southeastern Chapter of AALL

President's Page

It is common practice for chapter officers and others involved in program planning and preparation to congratulate each other afterwards for a job well done, even when the program was not as great a success as hoped. As far as the Chapter meeting in Williamsburg last August is concerned, however, I can truthfully say it was one of the best I've attended and was a success in all respects. I can say this with some objectivity this time, for I had little to do with the program planning and had no responsibility for local arrangements! The meeting was well attended, the program sessions were excellent, and the surroundings were delightful. My thanks go to the program and local arrangements committees for their hard work and, of course, to the Chapter members who came and contributed in their own way.

Later in this issue of the Southeastern Law Librarian are amendments to the Chapter Constitution and Bylaws which are being proposed by the Executive Committee. Their effect would be to reduce the terms of the President and the Vice-President/President-elect to one year. Under our current Constitution and Bylaws, one individual serves two years as Vice-President/President-elect (being responsible for all program planning) and then another two years as President. Reducing each term to one year would relieve the burden placed on one person and would give more members of the Chapter an opportunity to participate in Chapter governance. The proposed changes will be fully discussed at the Chapter meeting to be held next March in Atlanta. If you'd like to have your say before then, any of the officers will, I'm sure, be glad to hear from you.

Minutes

President Robin Mills called the meeting to order on August 14, 1981 with 80 members present. She thanked our sponsors for their help in making the meeting a success.

Anne Slaughter Towles gave the treasurer's report. We have a balance of \$2,970.25. She announced that an update to the Chapter Directory would be in the next Newsletter and urged those who have not yet paid their dues to do so.

The Membership Committee report by Cheryn Picquet announced a fall semester membership drive and welcomed any ideas.

President Mills announced that Kay Todd is the new Placement Committee Chairman.

Margarette Dye announced the Scholarship awards for this year and that they had been increased to four scholarships for \$250 each.

Margie Axtmann, Newsletter Committee, announced a new series of articles on state information for practice oriented materials. Ed Edmonds is the contact for those volunteering to write the article for their states. The Committee is also developing editorial guidelines for the Newsletter.

President Mills thanked Margie Axtmann for her outstanding job handling local arrangements. Margie then thanked Ed Edmonds for his help.

Anne Butler announced the Atlanta Chapter's plans to bid for the 1987 AALL Convention and asked the Chapter to act as co-host. This motion was made by Anne Butler, seconded by Margarette Dye and carried unanimously.

Our traditional "stand up and tell who you are" ceremony was performed.

Roger Jacobs, AALL President, congratulated the Chapter on its outstanding members, as we have more national officers and committee chairpersons than any other chapter. He related the following AALL news: The AALL Newsletter will be published ten times annually; we had 1900 registered in Washington, the largest ever; the new editor of the Law Library Journal is Charles Dyer, University of Missouri-Kansas City; and the new Executive Director of AALL is William Jepson, formerly with Kiwanis International, who will begin September 8.

The meeting was adjourned.

Respectfully submitted,

Anne Slaughter Towles

Aren't two years enough?

I think that two years is long enough to ask one person to serve as an officer of SEALL. We have lots of capable people in our Chapter and we should use them. I believe that asking one person to plan the program two years in a row is a burden in itself, but to then expect them to serve another two years as president is too much. I propose as an alternative to shorten all officers terms to two years. The vice-president should serve one year and then move up to serve as president for one year. This continuity is needed for the Executive Committee to carry out its plans. This would mean that we would have an annual election for vice-president and a biennial election for secretary-treasurer. The committee structure also needs the continuity of two year terms to get anything done. Possibly the president and vice-president could work together on committee appointments.

I also propose other changes to facilitate the election of officers; the language in the Constitution and By-Laws is both confusing and incongruous. The By-Laws provide for the election of officers in May but allow names to be submitted for nomination up to 45 days before the 'annual meeting'. The term 'annual meeting' obviously refers to the meeting of the chapter that has been held in August. This allows nominations to be made up to the end of June while the election takes place in May. The only use of the term 'annual meeting' is in reference to the election of officers. All other references to meetings refer to 'a chapter meeting' or 'a meeting of the chapter'. The Executive Committee designated the chapter meeting at the AALL Meeting next June as our 'annual meeting' so that we can change officers then in accordance with the Constitution and By-Laws. The only constant date for a chapter meeting is the meeting in conjunction with AALL if our second chapter meeting may fluctuate from Spring to Fall. Therefore, I propose changing the language so that our officers continue to change at the chapter meeting

following their election in May without the necessity of an Executive Committee designation each time. This also coincides more closely with our fiscal year.

Anne Slaughter Towles
Secretary-Treasurer

Proposed Amendments

In accordance with Article IX of the Constitution and Article IV of the By-Laws, the following amendments are proposed by the Executive Committee:

Constitution Article V: Officers.

Section 1. The officers shall consist of a president, vice-president - president elect and a secretary/treasurer. The vice-president - president elect shall serve as vice-president and shall automatically become the president after one year and shall so serve during the second year following his or her election. The secretary-treasurer shall serve for two years. The officers shall serve without compensation. The officers shall perform the duties usually pertaining to their respective offices.

Section 2. In the event that the president resigns prior to the completion of a regular term, or is otherwise unable to perform the duties of the office in the judgment of the Executive Committee, the vice-president - president elect shall automatically assume the presidency and shall serve therein until his original presidential term would have expired, or for no more than two years, whichever is shorter. A special election would be held to fill the office of vice-president - president elect upon the assumption of the office of president by the vice-president - president elect.

Section 6. Terms of office. All officers shall be installed at the conclusion of the chapter meeting following their election or appointment and serve until their successors are elected or appointed, and qualified.

By-Laws Article III: Nominations and Elections

Section I.

a. Nominating Committee

The president shall appoint a nominating committee who shall submit the names of candidates or a candidate for each of the following offices to the president by March 1 of the year in which the officer is elected:

Vice-President - President Elect

Secretary-Treasurer

b. Additional Nominations

Additional nominations may be made by any member by communicating in writing such nomination to the president.

Section II. Method of Election

The vice-president - president elect shall be elected by mail ballot in May of each year. The secretary-treasurer shall be elected by mail ballot in May of each even-numbered year. The candidates receiving the largest number of votes shall be declared elected. The membership is to be notified by the secretary-treasurer of the outcome of the election by mail or at a meeting of the Chapter.

The above amendments were suggested by Anne Slaughter Towles Secretary-Treasurer, written by Lamar Woodard, Chairman of the Constitution and By-Laws Committee, and approved by the Executive Committee. However, Lamar took exception to amending the words 'from and after' in Constitution Article V, Section 6; he feels that the meaning is clear. Since the past and present officers spent quite some time discussing the interpretation of these words in Gatlinburg, we feel that a change for clarity is in order.

These amendments will be voted on at the Chapter Meeting in March. We invite comments in the next Newsletter.

The Executive Committee

Standing Orders & Package Plans

There are many advantages to Standing Order plans. They save you money, both directly (cheaper cost per item) and indirectly (no need to spend time checking the public card catalog to see if you have it, or if it is on order). Plus, you are assured of getting all the issuing body's publications and obtaining them as soon as they are in print. What better feeling is there for a librarian than to have the book on the shelf when a user (especially a Dean) asks for it?

Below is a listing of 24 Standing Order plans which are of a general interest to law libraries. I have not included individual State Bar Association or State Continuing Legal Education plans, because most of us don't have enough funds or user demand to acquire materials from other states. If you know of other plans, please tell me about them.
